**INTERNSHIP
PROGRAM
INFORMATION**

Dear Interested Applicant,

Thank you for your interest in an internship in my Washington, DC office. I'm excited to offer students and recent graduates an opportunity to participate in the legislative branch of the federal government.

My Congressional Internship Program is designed to provide participants with a front-row seat and firsthand experience of how Congress functions. Interns will have the opportunity to work alongside each team within our full-time congressional staff. The internship curriculum is meant to provide interns with an understanding of how a congressional office processes constituent services, communications, operations, legislation, and committee work. Interns are also encouraged to attend multiple congressional hearings, policy briefings, guest speakers, exhibits, and networking events on Capitol Hill.

Interns in my office may receive college credit depending on the post-secondary institution they attend. The office is also able to provide interns with a monthly stipend.

Sincerely,

Mike Flood
Member of Congress
